Dear Contractor:

I would like to take this opportunity to encourage your participation in this year's ***Construction Wage Survey***. The information you provide will be used to determine the prevailing rates of wages for public works construction projects for the 2011-12 time period.

As you may know, Nevada law requires the Labor Commissioner to survey contractors who have performed work in the past year to determine the prevailing wage rates. Your participation is crucial to ensure that the rates published are reflective of wages paid in your community.

In light of the Supreme Court decision in Labor Commissioner v. Littlefield, rates will be published only for those classifications in effect in each county for the prevailing wage period of 2006-2007.

Feel free to make additional copies of the survey form as needed. You can use a word processing application (i.e. Microsoft Word, WordPerfect, etc.) to fill in the survey form, but a signed original copy must be submitted to be included in the survey. If you have not performed any work in the time period in question, have no employees, are a retired/inactive company, provide management or supplies only, or if the survey otherwise does not apply to you please feel free to disregard the survey. It is not mandatory to complete the survey.

Completed survey forms must be received in the Las Vegas or Carson City Office of the Labor Commissioner no later than Friday, July 15, 2011, at 5:00 PM. The 2011-12 Prevailing Wage Rates will be posted to our website on or before October 1, 2011.

Thank you in advance for your participation, and please do not hesitate to contact Paula Scotland in the Carson City office at (775) 684-4850 if we can be of any assistance.

Cordially,

MICHAEL TANCHEK
State Labor Commissioner
